The Woollacott Association has been established to foster the appreciation of Woollacott Designed boats. It is not necessary to own a Woollacott Designed boat, but only a desire and passion to ensure that the legacy created by this inspirational boating family is continued through the enjoyment of just being associated with the Woollacott Association and its like minded members. The Woollacott Association will maintain an affiliation with the Devonport Yacht Club and hold meetings on a quarterly basis at the Devonport Yacht Club. We encourage all Woollacott Association Members to participate in regular sailing activities, either as a group or in conjunction with other Yachting / Sailing Clubs.

Please send a Photograph of Boat and short paragraph on its history if known.
